Cottle And Garrett Start Final Round Of Long Fight

By JIM BAILEY
El Don Editor-in-Chief

After an election, a Presidential order, a court injunction, and a spectacular two day hearing the ASSAC Presidential race is right back where it started—Bert Cottle vs Tom Garrett.

Santa Ana College students will have the final say on the outcome next Friday when the two candidates face each other in a run-off election.

Commissioner of Justice Jerry Burns asked ASSAC President Dave Whitney for the added time

in order to put on the election in a more organized manner. The Senate and Cabinet concurred.

Five and one-half hours of courtroom battle ended at 3:30 p.m. Friday and the Supreme Court announced its decision to hold a run-off election at 12 noon Monday.

COTTLE ELIGIBLE

In its findings the high court held that Cottle was an eligible candidate during the May 12 primary election even though he was under a 2.0 at the quarter.

Burns, who represented the ASSAC against Cottle, said after the decision that "In my own mind Cottle is still ineligible, but I must go along with the decision of the Court since I believe in its concept."

AMENDMENT'S PASSAGE

The Court further held that Cottle is an eligible candidate for a run-off even though the amendment making a 2.0 at the quarter necessary was passed at the primary.

The justices reported that President Whitney was within his rights to declare Garrett the winner, but that he was misinformed in assuming that the run-off would be a separate election.

As to the 17 disputed write-in votes for Cottle, the court voted to allow only those that wrote in

(Continued on Page 3)

COME ON PATTY VOTE RIGHT . . . Candidates Tom Garrett and Bert Cottle offer Pat Amthor voting instructions. Garrett and Cottle will face each other in next Friday's ASSAC Presidential run-off election. (El Don Photo)

'Zombe' Lounge Bill Still Haunts Senators

A believed-to-be dead motion came out of its coffin to haunt the Senate once again, at the Legislature's Tuesday meeting.

After taking over a month to kill the problem of musical instruments in the student lounge, the Senate learned recently that all instruments were allowed in the lounge, instead of intended unamplified ones. To solve this mistake, the Senate passed bill I-86 outlawing amplifiers from the lounge.

The Senate Bill stipulated that amplifiers could still be used for pre-planned activities.

The Senate set the presidential run-off election for Friday, June 4.

In other action the Sophomore Class' request for a loan from the student body was turned down. The Finance Committee recommended putting the class project, a speaker system, on next year's budget.

An amendment to the Rallies Code of the By-laws which would allow the incoming vice-president to be a judge in the pep squad try-outs was passed by the legislative body.

Sent to committee were Bills

for trophies for the golf team, a bronze plaque in Coach John Ward's honor, life-time student body membership for Ward, and a limited number of life-time membership cards.

Sometime around 4 p.m. tomorrow afternoon, Santa Ana College will begin its defense of the State track championship. Field events open the meet with the running events starting at 7 p.m. on the fast Modesto track.

Coach John Ward takes his final Don team into action looking for his third state crown in 27 years at SAC.

The Dons are expected to get their stiffest competition from Fresno, who won the Northern California title almost as easily as SAC won the south.

★ News Briefs ★

Barbara Moore, Santa Ana College librarian, announced recently that all library books must be checked in by June 8.

The Engineers Club will hold an important meeting June 1 in room B-8. Fall semester officers will be elected at the meeting, and a movie on the reliability of manufactured articles will be shown.

Students interested in obtaining division management jobs should contact Ernest Crain in the administration building. Math, physics, engineering, and technical majors are preferred in the job placement.

Santa Ana College counselor Leonard I. Blau has been selected as one of five instructors in Southern California to attend a special seminar in Counseling and Guidance to be held at California State College at Los Angeles from June 21 through July 30.

The seminar is presented under contract with the United States office of Education and is limited to full-time teachers who have completed a minimum of 24 graduate semester hours in academic courses appropriate for counseling preparation.

'Woman Of The Year' Naming Comes Tonight

By ELORA ROBERSON
El Don Staff Writer

The Associated Women Students of Santa Ana College will present its annual "Woman of the Year" ceremony tonight at 8 p.m. in Phillips Hall.

Sixty-two women, deemed deserving of the honor by SAC faculty and administration members, have been selected as preliminary "Women of the Year."

Certificate awards will be given by Jackie Schlegel, AWS President. Dr. Johnson will give the opening address.

10 FINALISTS

Ten SAC coeds have been chosen as finalists for the award. Beverly Brezden, Jan Engisch, Ann McNaughton, Marlene Meyer, Jane Moomaw, Emily Rogers, Candy Sattazahn, Jackie Schlegel, Jena Shipe, and Marilyn Youel will compete for the annual title.

These women will receive a plaque with their names inscribed on them to commemorate the honor.

CATEGORIES

The women were considered on the basis of academic achievement, student activities and the performing arts.

One woman will be singled out at tonight's ceremonies from the ten finalists to represent Santa Ana College as the 1965-66 "Woman of the Year."

The coed will be selected on her outstanding qualities in all phases of campus life.

BOUQUET OF ROSES

A bouquet of roses will be presented to the winner along with an inscribed bracelet and her name will be placed on the AWS Perpetual Trophy.

The Faculty Wives Association will also present a scholarship award of \$100 to Freshman Lynn Thayer.

The money for this scholarship

was raised at the annual Hat Sale held by the faculty wives for this purpose. AWS members assisted the wives, and one dollar of the total sale price of each hat was donated to the fund.

Mrs. Frank Redman, President of the Faculty Wives Association, will present the scholarship.

TV Plays Draws 200

"Our script television plays were tremendously successful, and we had a turn out of over 200 people," stated Robert Blaustone, drama instructor, at Santa Ana College.

"It was interesting to watch the reactions of the cast members with their sporadic expressions of 'Oh, no, that's not me,' or 'Do I look like that?'" Blaustone related.

The plays "All The Rest Ran Away" written by Jack Ryder, and "It's Sooner Than You Think" written by Fern Coleman were televised by Santa Ana Unified School District's Instructional Television. The participants in the play were from SAC's drama class.

"This TV experiment with the drama class is the best kind of critique they could experience, as the actors have a chance to see themselves as others see them," commented John Johnson, president of SAC.

The plays were presented in conjunction with James Vail's chorus and the student's art exhibit, and "It was a winning combination," stated Blaustone.

The students experienced a parallel to motion pictures as all the technical aspects.

AT STATE MEET TOMORROW

Dons Defend Track Title

By MIKE NEPTUNE
El Don Sports Editor

Sometime around 4 p.m. tomorrow afternoon, Santa Ana College will begin its defense of the State track championship. Field events open the meet with the running events starting at 7 p.m. on the fast Modesto track.

Coach John Ward takes his final Don team into action looking for his third state crown in 27 years at SAC.

The Dons are expected to get their stiffest competition from Fresno, who won the Northern California title almost as easily as SAC won the south.

Santa Ana breezed in the Southern Cal by totaling points in 11 of the 16 events. SAC amassed 84 points compared to runner-up Pierce's 46.

11 QUALIFY

Eleven Dons qualified for the state finals in ten different events. "This is the highest number of qualifiers that I've ever had," said Ward.

Ward believes that it will take about 60 points to win the state. "Last year our winning total was the lowest figure ever recorded," he added.

SCORING SYSTEMS

Scoring is awarded to the first six places with 10 points awarded for a first place. According to

Ward, SAC could get as many as six firsts or none at all.

Ed Caruthers is favored in the high jump but must do his best to beat two Northern jumpers who have cleared 6-10. "Ed hasn't been looking good lately but should be ready," maintained Ward.

KULLER POSSIBLE

Two possible firsts could come from Fred Kuller in the dashes. However, Kuller has some outstanding runners waiting to upset the national record holder.

Other firsts might appear in the form of Bill Delaney in the mile, Sal Mendoza in the two mile and the 440-yard relay team. Both Delaney and Mendoza missed firsts in the Southern Cal by one tenth of a second.

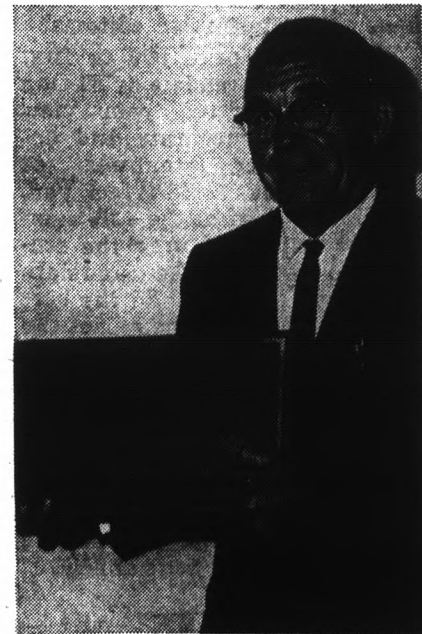

LEDBETTER 54-11 1/4

Steve Ledbetter rates fourth in the shot put but could surprise and finish as high as second. Ledbetter has a career best of 54-11 1/4 but the best Northern putter has only done 52-4.

In the 880 Gil Rangel and Mike Eck placed second and third in the Southern Cal and are rated fourth and fifth in the state.

"Our mile relay foursome didn't qualify this time," said Ward, "last year we won this event, which was the final race of the day, to win the title. We have to have the crown cinched by this race or we are dead."

"In 1955 we didn't win the Southern Cal but took the state meet because nobody knocked off our point getters but split points among themselves. This time it just might happen to us," warns Ward.

COACH JOHN WARD
... One last Title?

KEEPING UP ON AUTOMATION . . . SAC Engineering instructor Harold Moomaw offers student special attention over engineering problem.

(El Don Photo)

Moomaw Professes- Automation Will Stay

"Automation is here to stay," claims Harold A. Moomaw, chairman of engineering division at Santa Ana College.

There has to be human intelligence behind automation, and "We are trying to develop the necessary brain-power here in college," he continued.

A mechanical engineer may design a bolt making machine that throws a lot of people out of work. "What are we going to do with these people? Some will be mean their fate with automation progress, but others will go to school, and learn how to keep pace with this new way of living," he answered.

In actuality he will be bettering himself with new education, more salary, and probably less working hours for his efforts.

Statistics show a crying need for trained men in the new fields. "Young people are in training

now, but it takes time. When they are prepared they will be stepping into nice paying jobs. The older ones without training will be forced into seeking other types of work or seek an education," he said.

SAC in the past has always had a higher percentage than most junior colleges in engineering. Moomaw teaches engineering drawing, surveying, introduction engineering, and architectural drawing.

It takes approximately five years to earn a Masters degree in engineering, but a junior college graduate may earn from \$450 to \$600 dollars a month to begin with. "Usually they go on, and get their Masters," he concluded.

Moomaw has been teaching engineering since 1936; 29 years of keeping pace with our changing world.

SAC's Parking Difficulties Were Evident 10 Years Ago

BY MARLENE MEYER
El Don Feature Editor

(Editor's note: This is the eighth in a series of articles on the fascinating history of Santa Ana College, commemorating the college's 50th anniversary.)

Parking was as frustrating a problem ten years ago as it is today. A survey taken 8:30 one morning in 1935 revealed eight cars illegally parked on the grass, 32 parallel parking spaces on 17th Street, and 29 cars occupying parking spaces for 14.

Dana King Hammond, SAC's first president, and Bill Cook, SAC's athletic director, were guests of honor at the May 1956 Science Fair, where Hammond Hall and Bill Cook Gym were dedicated.

Sounding off from 7:30 a.m. to 3:30 p.m. in the snack bar of the student union in 1957 was the "six-plays-for-a-quarter-juke," which ranked as the "top monotony breaker of SAC's daily class routine."

In September, 1957, Dr. John E. Johnson and O. Carl Schulz

took over as SAC President and Dean of Instruction, respectively.

MR. MAGOO

Mr. Magoo and "The Male Animal" made the scene at SAC in October 1958. The famed Mr. Magoo cartoons were shown at the first assembly of the year, and James Thurber's comedy "The Male Animal" was the current production of the College Players.

Final tests were conducted in December on machinery and equipment of SAC's new swimming pool, a joint project of the city of Santa Ana and the college. Olympic Champion Dr. Sammy Lee was on hand for the dedication.

Vice Principal Thomas Tra- wick of Santa Ana High School was named Dean of Students and SAC counselor William Corser was promoted to Associate Dean of Students in May, 1959.

SUPREME COURT

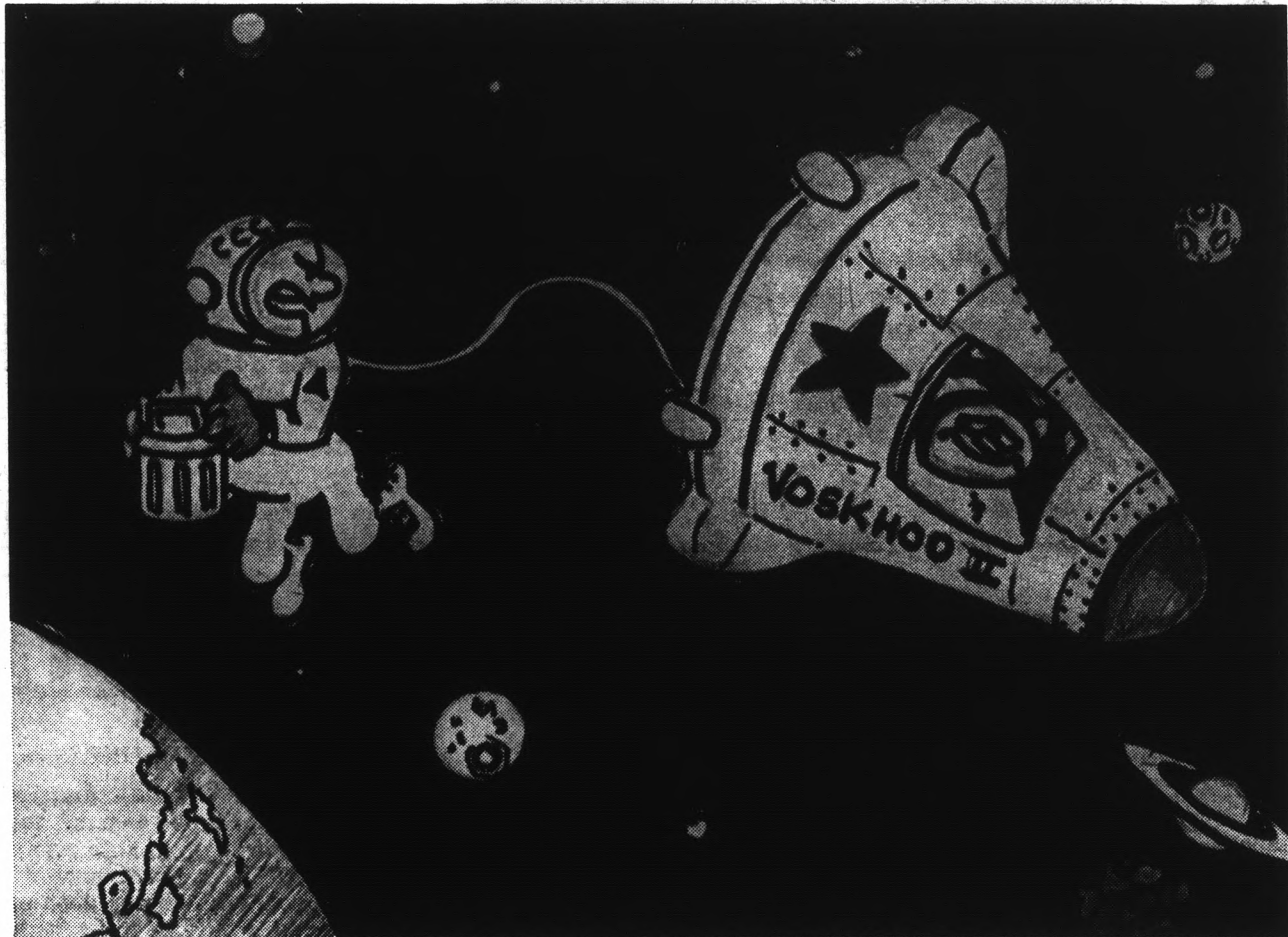

"Representing the judicial powers of the Associated Students of SAC," the newly-organ-

ized Supreme Court held its first case in October, 1959, and "set a precedent in the handling of vandalism." Eight defendants pleaded guilty to the charges of damaging Orange Coast College, stating that they were "told by Sophomores that this was the thing to do during the so-called 'Orange Coast Week'."

RESTRICTIONS SET

Restrictions put on the students included probation for the rest of the semester and payment for damage by the end of the school year. "If payment is not made, they are disqualified from attending any college in the United States for the next semester," stated Supreme Court chairman Jarrell Mauck.

SAC's new mascot, "El Don," a 12-foot high paper-mache statue constructed on a wire and wooden framework, depicted the traditional Spanish Gentleman, with flat hat, bolero and bell-bottomed trousers. The mascot was constructed in December, 1959 for rallies, assemblies and other campus events, and is still used today.

"WHY AM I THE ONE THAT ALWAYS HAS TO TAKE OUT THE GARBAGE?"

EDITOR'S MAILBAG

Dear Editor,

On behalf of the SAC Golf Team, and myself, I wish to thank you and the entire student body for your support and help during this important year of golf on the Santa Ana College campus.

The greeting given us upon our return from Visalia College

was an event each one of us will treasure for the rest of our lives.

Arlin Pirtle
Golf Coach

Dear Editor;

Your editorial "How To Make a President" in the May 14 issue of El Don was enough to make Horace Greeley, and every other good journalist in the history of American newspapers, turn over in his grave.

The two points on which good journalism is based are being accurate and writing clearly enough so the reader cannot read in false meanings. You most definitely violated both of these points with your extremely biased, and sometimes completely false editorial.

Therefore I urge you to first apologize to the readers of El Don for having written your view points in an inaccurate and unclear (whether intentional or not.) editorial. Next I feel you, as editor-in-chief of the only campus newspaper, to urge the students to vote for the candidate whom they think will do the best job of representing them. Not the one who has a great force behind him, because there are no such forces, not for the one who belongs to any certain club, for belonging to a club doesn't make a person a good president, and not for one merely because he is favored in an editorial that wasn't up to par of its writer's ability.

Thank you,
Mike Fancher
Commissioner of Publications
Associate Editor, El Don

As We See It

(EDITORIAL ANALYSIS)

John Ward will call it a career this weekend, and what a career it has been.

The tall silent gentleman of Orange County athletics will be ending 27 years of service to Santa Ana College this June. It is only fitting that this man who has made champions of so many others be feted like a champion himself during his final weeks of his tenure.

Now days a banquet is not complete unless it contains a tribute to John Ward. Monday the college will host a special banquet to honor coach Ward and former coach Bill Cook who left the college in 1957 after a 30 year career. ASSAC President Dave Whitney announced Monday that the student government had voted unanimously to rename the Don field, Ward Field in his honor.

Nothing could be more fitting. For Coach Ward more than any other person has made Santa Ana's track teams famous throughout the state and feared by opponents.

Coach Ward has that rare talent for building men and building champions at the same time. Throughout his long and successful career he never demanded more than he could give.

Such sweat and effort has paid off in two state and three Southern California track titles, plus a dozen conference crowns in track and cross-country. In 27 years Don Track teams have finished first or second in the conference 20 times.

One secret of Ward's success has been his lifelong habit to look ahead rather than live off the past. "I never worry about last year," he once said, "There is always too much that can be done about the present."

SAC is favored to successfully defend its State track title at Modesto tomorrow. If it does no one should be surprised to see Ward go out not with a whimper but a bang.

DECISIONS, DECISIONS! — Social Commissioner Emily Rogers shows that the Spring Banquet can be a very trying time for a girl. What dress will she pick for SAC's graduation affair to be held June 16 at the Saddleback Inn? (Photo by Steve Fuller)

Zweig Chosen For '65 Valedictorian

Dave Zweig, recently chosen one of the ten "Men of the Year," has been announced as the Valedictorian for the class of 1965.

The SAC Faculty Scholarship and Honor Committee, whose chairman is Ted Hallahan, selected Zweig on the basis of his standing as a full time student, grade point average, wide participation in campus activities and general academic record.

"To be chosen as Valedictorian is certainly one of the top honors, with special recognition given to one person, who receives the privilege of addressing his graduating class," said Miss Rellstab, Associate Dean of Students.

In his freshman year, Zweig was Circle K treasurer, AMS treasurer and maintained a 3.72 grade point average while carrying 17½ units the first semester and 18½ the second.

"As Sophomore Class President for the Fall semester, I feel that I made my most successful achievement," said Zweig. "It gave me responsibility and maturity."

Zweig maintained a 3.44 grade point average for the Spring semester while carrying 14½ units.

"In my work with student government, I feel that I have gained many friends in the faculty, administration and student body," added Zweig.

"Being selected as the Vale-

dictorian of my class is the culmination of my experiences at Santa Ana College," concluded Zweig, "I feel an identification or association with this class since I was its president first semester."

Zweig plans to attend the School of Business of the University of California at Berkeley next year.

The newly chosen Valedictorian sums up his two years at Santa Ana College as, "one successful experience after another."

Spring Banquet Set For Saddleback Inn

SAC's Spring Banquet and Dance will be held at Saddleback Inn, Wednesday, June 16th at 7 p.m. in the Trabuce Room.

Highlighting the evening will be the presentation of awards.

The Inter Club Service Trophy, which is given to the Club that has accomplished the most this year, and the Scholarship award for the highest grade point average for Fall semester grades,

will be presented by Rick Coleman, president of Inter Club Council.

Tavern Post awards will be presented by David Wand, Journalism awards by Carl Venstrom, Drama awards by Lee Ford, and Robbins Editorial award will be given by John (Sky) Dunlap.

Associated Student's President, Dave Whitney, will present the gavel to the new president.

The theme for the Banquet is "La Primavera," which means Spring in Spanish.

The Banquet is formal. Men may wear dark suits, or dinner jackets, and women either long or short formals.

The Women's Service Club Las Hidasgas is in charge of decorations for the occasion.

Entertainment will be provided by Herb Silvers Band, and a specialty singer. Tickets are on sale now at Dons Book Store. Tickets are \$3.00 each, and guests tickets are \$4.00. June 11th is the last day tickets may be purchased.

Run-Off Election Held Next Friday

"I don't think what the court said, is really important," stated ASSAC Vice-president Randy Beaton concerning the choice of an election time, during the Executive Cabinet meeting Wednesday.

"We have to abide by what the Supreme Court says, but also by what the by-laws say," Justice Commissioner Jerry Burns explained.

48 HOUR LAW

Burns continued to say that he is required by the by-laws to present a form to ASSAC President Dave Whitney with the names of all election workers at least 48 hours before the polls open.

"This is impossible for this Friday," Burns pointed out.

The executive body decided that the election should be held next Friday.

CAMPUS SPEAKERS

Whitney also told the Cabinet that he was planning on speaking to Dr. John Johnson, Santa Ana College President, concerning a policy on controversial speakers on campus.

The suggested "guideline" was proposed by students at the State conference for student government leaders. "We, as leaders in the state, have already accomplished those things that other

colleges are having problems with," Whitney explained.

DISSOLVE CLASSES

Publications Commissioner Mike Fancher said, "One suggestion we received from the suggestion boxes was a plea to dissolve the freshman and sophomore classes in order to have a 'classless campus'."

The Associated Women students and Associated Men students could do the job of the class councils with less "red tape."

Real Estate Courses Offered In Summer

The Real Estate section of the Business Division at Santa Ana College will offer three accredited courses for the summer session, according to Robert L. Peters, Coordinator of Real Estate at SAC.

Real Estate Principals and Real Estate Practices will be offered Monday, Wednesday and Friday nights, and Real Estate Law on Tuesday and Thursday evenings.

REAL ESTATE MAJOR

All the courses are applicable toward an Associate in Arts degree with a major in real estate. They may also be applied toward a California Real Estate certificate, which is granted by SAC in cooperation with the California State Division of Real Estate and the California Real Estate Association.

Peters said that students who successfully complete the R E Practices and Law course can apply those sections as equivalents for the same portions of the California State Brokers examination.

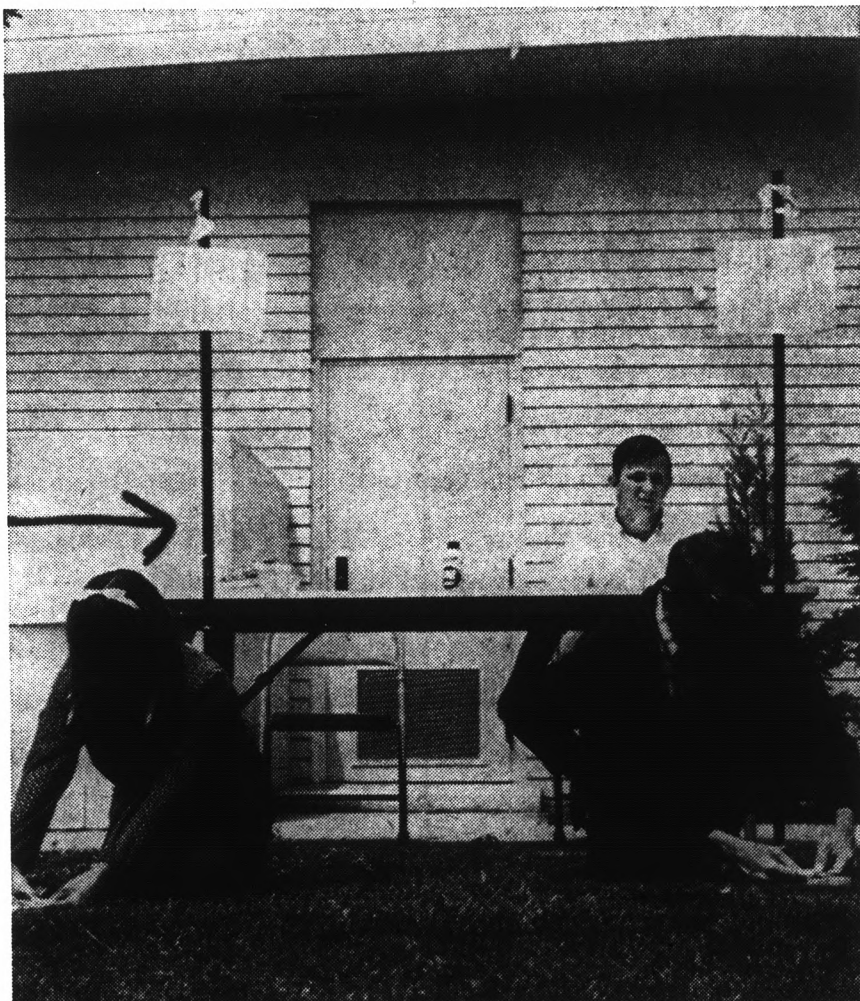

BASIC LAW COURSE

"These courses not only fulfill broker's requirements but are excellent for many other people," Peters explained, "Property owners, investors and those engaged in real estate sales should certainly have a good working knowledge of applicable laws. This course will provide that fundamental knowledge."

Anyone interested in registering for the Summer Session which commences June 21 and ends on Aug. 13, should go to the Admissions Office and apply for a permit to register card.

El Don will run a full summer school schedule next issue. Next week will end El Don's publishing year.

How Far Will \$ Go These Days?

PENNY PINCHERS — Dons are pilfering pennies, or collecting them any way they can get them this week as they compete in Circle K's Penny Race on the lawn north of the snack bar. Competition is between the Freshman and Sophomore Classes and proceeds will go to charity. (Photo by Steve Fuller)

Supreme Court Slates Election

(Continued from page 1)

Cottle's first and last name, but did not use the proper stamp.

The justices concurred with the election committee in disallowing the 12 other contested ballots. Supreme Court action raised Cottle's total to 134 to 133 for Garrett with 10 other write-in votes keeping both under the 50 per cent plus one needed for election.

"I would have liked to have seen Bert get a few more of the votes," stated Cottle's attorney and campaign manager Randy Beaton, "but it was a fair trial and I'm sure we'll win the runoff."

Associate Justice Jack McCue remarked that the most impressive thing about the trial was "The conduct of the student lawyers. They were really on the ball," stated McCue.

AGS Honors 70 Scholars At Banquet

Over 70 scholars were honored last night at the Alpha Gamma Sigma banquet held in SAC's cafeteria at 6:30 p.m.

Members of AGS honor society were guests of the school at the fifth annual scholarship banquet.

Professor Harold Zirin, professor of astrophysics at California Institute of Technology, was the guest speaker. He discussed new developments in astronomy.

Zirin will also speak in Phillips Hall at 11 a.m. today. Afterwards, he will conduct a seminar at a luncheon in the student lounge. Attending the luncheon will be various faculty members and selected science students.

Faculty members will talk with Zirin at a faculty seminar later on today.

Floyd Braun, Bill Campbell, Barbara Coles, Juanita Girard, Ken Hill, Marilyn Youel, and Dave Zweig were awarded permanent membership in AGS.

Formally initiated into Phi Theta Kappa were Bill Campbell, Barbara Coles, Richard Kuhn, Russell Packard, Marilyn Youel, and Dave Zweig. Elected by faculty members, membership in Phi Theta Kappa National Honor Society is the highest scholastic award given a student at SAC.

WARD HONORED — Coach John Ward is presented a memento from his assistant track coaches Doug Gorrie (far left) and Charlie Clark. Also present is Glenn Tabor, Superintendent of Schools. Ward was

honored at the Spring Sports Banquet by his fellow coaches and many friends. Another banquet is planned for this coming Monday highlighting the careers of both Ward and Bill Cook. (El Don Photo)

CARUTHERS ATHLETE OF THE YEAR

Ward Steals Show At Banquet

By JIM FEY

El Don Sports Writer

Although the main purpose of the Spring Sports Banquet last Monday night was to honor Ed Caruthers, the Athlete of the Year, Coach John Ward ended up stealing the show.

After the general program had been completed, Dave Whitney, ASSAC President, arose to announce the special praise SAC has for Coach Ward. While receiving a standing ovation, Coach Ward, overcome with emotion, tearfully accepted the name plaque that denoted the renaming of

Don Field to Ward Field.

The dedication of Ward Field was one of the most closely guarded secrets of the year, for it was introduced into the senate early in the semester.

Along with the renaming of the field, Ward also received a life-time membership to the Associated Students, and was presented by Whitney who stated that "this is a rare honor but you are a rare man."

Notably the outstanding Junior College coach in the country, Ward was commended by his fellow coaches and faculty. Dr.

Strosheim, President of the Board of Trustees, summed up their feelings by saying "he is a real competitor and the average work day means nothing to him." In closing, Dr. Johnson, President of the College, said softly, "John Ward, maker of men, we salute you, and we are going to miss you."

FINNEY SCHOLAR

An avalanche of championships and individual honors have been brought home to SAC by the teams this year. The lamp of learning trophy, which denotes the Athletic Scholar of the Year, went to Dale Finney for a 3.77 grade point average during Basketball season.

Tennis came up with a tie for the EC Crown with three individuals leading the team, who were Bob Lind, Most Valuable, Tom Carr, Most Improved, and Bill Morales, Team Captain. Baseball honored Bud Cunningham, Most Valuable, Keith Yater, Most Improved, Garry Vanaman, Captain and Tim Richards as the outstanding athlete this year.

SWIMMING SECOND

Swimming battled itself into second place in the EC and Southern Cal with the help of seven All-Americans, who were Mike Forrest, Wayne Goddard, Terry Reish, Don Stewart, Dave Zemer, Tony Gleason and Larry Lefner who were Most Valuable and Captain respectively.

Golf holds the state crown with Most Valuable Rick Divel and Most Improved Ken Sutherland. Steve Ledbetter and Dan Morales share the Most Improved position for the track team.

The defending state championship track team is led by Most Valuable Fred Kuller. SAC's record includes seven national records, which is more than any other junior college.

Ward And Cook Banquet To Be Event Of The Year

"Bill Cook and John Ward's retirement banquet should be the most memorable event we have had in Orange County for a long time," said Sky Dunlap, chairman of the banquet committee. It will be held at Saddleback Inn Monday at 6:30 p.m.

Of the distinguished guests invited are the four SAC presidents who have been here during Ward's and Cook's career. They are Dr. John Johnson, Dr. Daniel McNaughton, Herbert O. Russel, and John H. McCoy.

Many of Ward's and Cook's former athletes will come from all over the country to honor the

two retiring coaches, the mayor of Santa Ana and most of the school's alumni will also attend.

"This event should be a golden one for Santa Ana," said Dunlap, "as both the men are natives of Santa Ana, and Orange County."

Both of the men have had outstanding careers at SAC. In track Ward has won two state championships, three Southern California championships, and 12 Eastern Conference championships.

Cook had Southern California championship football teams in 1940 and '42, and went to the Junior Rose Bowl in '49.

1960 Launches SAC Streak

(This is the eighth in a series of articles, in recognition of SAC's 50th Anniversary, depicting SAC's sports history. This article is written by sports writer Joe Gardner.)

1960 began a winning streak for the Santa Ana College Dons that has not stopped yet.

It started in '60 with the golf team winning the Eastern Conference championship and then going on to fourth place in the state tourney. It was the best season for Santa Ana golf.

The cross country team that year brought the Eastern Conference cup to Santa Ana where it would remain for the next three years.

GOLFERS WIN EC

In 1961 the golf team again took first in the Eastern Conference, but dropped to a sixth place in state competition, and the following semester the football team won the conference crown, sparked by the playing of All-American, Keith Ludhof.

Don tracksters captured the Eastern Conference title in 1962.

FINEST FOOTBALL TEAM

1962 was SAC's finest year for football, with the winning of the Eastern Conference and the Junior Rose Bowl. SAC defeated Columbia Basin Junior College 20-0 in the JRB.

In '63 the Don Golfers lost the Eastern Conference dual championship for the first time in four years, but vindicated themselves by coming back to win the EC tournament title.

3RD STRAIGHT

Cross Country did its part by winning the conference crown for the third straight year.

1964 was the big year for the track team. They went undefeated to win the Eastern Conference title, and finished by taking

both the Southern Cal and the state meet.

Bob Delaney paced the Dons by winning the mile and two mile, a feat never before accomplished in JC running.

Since 1960 SAC has been one of the top athletic schools in the junior college circuit, and by its performance this year indicates that it will be for some time. Already this year SAC has won the state golf championship,

TRACK MEET FINISHES INTRAMURAL CAMPAIGN

To end the inter-class physical education competition, Coach Bob Wilhelm held the intramural track meet last week. Three intramural records fell to this new group of athletes. Jim Fey broke the old 440 yard dash mark of

56.5 set last year with a time of 54.8 and was quickly followed by Gary Burton's record breaking 880 yard run.

Burton's time was 2:14, bettering the old time of 2:17. The last record to fall was the shot put which was 37'7" and was shattered by Dennis Bugbee with a put of 38'11".

Medals were awarded to those who placed first in their respective events. The only athlete to place in more than one event, other than the relay, was triple-medalist, Fey who won in the 440, 220, and broad jump.

The results of the meet were as follows: Rich Rimmel turned in a 10.6 in the 100, the 220 was won by Fey in 24.1, Fey also was clocked at 54.8 in the 440, Burton led the field in the 880 with a time of 2:14, and the 120 low hurdles was taken by Jack Wingen in 15.4. In the field events Dave Book took the high jump with a jump of 5'10", the broad jump was won by Fey with a leap of 19'5½" and Bugbee captured the shot put with a toss of 38'11".

Don Racketmen Lose In 1st Round

Consistency was the key word for Santa Ana tennis players in the recent Southern California matches held at El Camino.

The Southern California match qualified players for the state finals. However, all the SAC racketmen were eliminated in the first round. Bill Morales, who had a bad draw, lost 6-3 and 7-5.

Bob Lind also was put out in the singles, while both doubles teams, Morales and Gary Crane along with Lind and Tom Carr, lost in the first round.

Why Not Make the Ideal Choice?

Feature Lock

INTERLOCKING DIAMOND RINGS

Rings interlock securely never shift or twist... always in perfect position

8 RADIANT DIAMONDS

3 GLOWING DIAMONDS
Exquisitely Crafted \$165
Superb Styling \$220
Easy Payments both rings
Terms Arranged both rings
